LAW OFFICE OF CASS BURTON PO BOX 684749 AUSTIN TX 78768-4749	DWC Claim #:
	Injured Employee:
Respondent Name and Box #:	Date of Injury:
ACE FIRE UNDERWRITERS INS CO Box #: 15	Employer Name:
	Insurance Carrier #:

PART II: REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Also enclosed are two copies of EOB's from other carrier's, which show a higher rate of reimbursement, consistent to our usual and customary. We are requesting that our claims be paid at the usual and customary."

Amount in Dispute: \$6,952.26

PART III: RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "By definition, outpatient surgery is appropriate in medical situations requiring treatment that is less intensive than inpatient surgery. It is instructive, therefore, to compare reimbursement for inpatient surgery with the billing in this case. The Commission has set per diem rates for an inpatient admission at \$870 per 24 hours for medical care and \$1,118 per 24 hours for surgical treatment. Given these rates deemed fair and reasonable under commission rules, Requestor's assertion that it is entitled to a total of \$7,532.00 is not credible."

PART IV: SUMMARY OF FINDINGS

Date(s) of Service	Denial Code(s)	Disputed Service	Amount in Dispute	Amount Due
4/27/2005	W10, 42	Outpatient Surgery	\$6,952.26	\$0.00
			Total Due:	\$0.00

PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on January 10, 2006. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on January 19, 2006 to send additional documentation relevant to the fee dispute as set forth in the rule.

1. U.S. Bankruptcy Judge Michael Lynn issued a "STIPULATION AND ORDER GRANTING RELIEF FROM AUTOMATIC STAY TO PERMIT CONTINUANCE AND ADJUDICATION OF DISPUTED WORKERS COMPENSATION CLAIMS BEFORE THE TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS," dated August 27, 2010, in the case of *In re: Renaissance Hospital – Grand Prairie, Inc. d/b/a/ Renaissance Hospital – Grand Prairie, et al.*, in the United States Bankruptcy Court for the Northern District of Texas, Fort Worth Division in Case No. 08-43775-7. The order lifted the automatic stay to allow continuance of the Claim Adjudication Process as to the WC Receivables before SOAH, effective October 1, 2010. The order specified John Dee Spicer as the Chapter 7 Trustee of the debtor's estate. By letter dated October 5, 2010, Mr. Spicer provided express written authorization for Cass Burton of the law office of Cass Burton, PO Box 684749, Austin, Texas 78768-4749, to be the point of contact on Mr. Spicer's behalf relating to matters between and among the debtors and the Division concerning medical fee disputes. The Division will utilize this address in all communications with the requestor regarding this medical fee dispute.

2. For the services involved in this dispute, the respondent reduced or denied payment with reason code:
 - W10-No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement
 - 42-Charges exceed our fee schedule or maximum allowable amount
3. This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."
4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
 - The requestor's position statement states that "Also enclosed are two copies of EOB's from other carrier's, which show a higher rate of reimbursement, consistent to our usual and customary. We are requesting that our claims be paid at the usual and customary."
 - The requestor does not discuss or demonstrate how payment at the usual and customary would result in a fair and reasonable reimbursement. The Division has previously found that "hospital charges are not a valid indicator of a hospital's costs of providing services nor of what is being paid by other payors," as stated in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, 22 TexReg 6276 (July 4, 1997). It further states that "Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges..." 22 TexReg 6268-6269. Therefore, the use of a hospital's "usual and customary" charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
 - The request for reconsideration letter to the insurance carrier states that the requestor "...relies upon a portion of the Adopted Medical Fee Guidelines 1996..." within the former Division rule at 28 TAC §134.201, commonly referred to as the *1996 Medical Fee Guideline*. However, the 1996 Medical Fee Guideline is not applicable to the services in dispute, as indicated in former Division rule at 28 TAC §134.401(a)(4), effective August 1, 1997, 22 TexReg 6264, which states that "Ambulatory/outpatient surgical care is not covered by this guideline and shall be reimbursed at a fair and reasonable rate until the issuance of a fee guideline addressing these specific types of reimbursements."
 - The requestor's position statement asserts that "Enclosed are copies of EOB's from other carrier's, which show a higher rate of reimbursement, consistent to our usual and customary." However, no such EOBs were found with the submitted documentation.
 - The Division has previously found that a reimbursement methodology based upon payment of a hospital's billed charges, or a percentage of billed charges, does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the *Acute Care Inpatient Hospital Fee Guideline* adoption preamble which states at 22 Texas Register 6276 (July 4, 1997) that:

"A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources."
 - The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

6. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rule at 28 TAC §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
